

Fact Practice

Dear Families,

It is important for each student to be fluent with their basic facts. As a part of their weekly assignments, students are encouraged to study their facts for a minimum of 10 minutes per day.

Below are the Math Practice Options:

- Christensen-Collom Students: Log-in to Xtramath.org to complete a session
- Curran & DiPaola Students: Log-in to MobyMax
- Multiplication.com
- Practice Basic Facts with an Adult
- Math game or App

If your child does not remember their log-in information for XtraMath or MobyMax, please contact your child's teacher. If you have any questions, please let us know. Thank you for your support!

Mrs. Christensen

Mrs. Collom

Mr. Curran

Mrs. DiPaola

Student: _____ Week of: _____

Math Practice Options:

- Option A: Xtramath.org (Christensen-Collom) or MobyMax (Curran & DiPaola)
