

Need Help with Math?

TECHNICAL MATH IS HERE!

Expert instruction, combined with lecture and hands-on exercises, will help the student learn the Technical Math skills required for industry-specific occupations, such as Digital Machinist, Electricians, Machinist, etc.

A pre-test and final test will be given.

Math Topics include:

- Basic Math Operations (addition, subtraction, multiplication, & division)
- Decimals and Fractions
- Reciprocals and Mixed Numbers
- Reading a Ruler
- Algebraic Expressions
- Writing, manipulating, and solving algebraic equations, perimeter, circumference, volume and area
